Give Mother a Better Kitchen

—that is mother's workshop—the place where ONE-THIRD OF ALL HER WAKING HOURS ARE SPENT—the abode of mother's bread and mother's pies and mother's cookies!

A wonderful place is that kitchen of mother's—the place where five long hours, and more, each day are dedicated cheerfully and uncompromisingly to us. But how about a little reciprocity? How about making that room—the real HEART OF THE HOME—the cheeriest, happiest, sunshiniest room in the whole house? How about making it the sort of workshop that mother deserves? Why not get her all the best labor-saving and life-prolonging conveniences? Why not—above all—

Give Her a Moore's Range

The GLASS OVEN DOOR and OVEN THERMOMETER enable Mother to see at a glance what is going on in the oven without that back-breaking stoop every few minutes to open the oven door and then lose a lot of the heat.

The ANTI-SCORCH LID will save the oat-meal, cake frosting, milk-toast or oyster stew, if the door-bell rings or the baby wakes up while it's cooking.

The LIFTING KEY-PLATE TOP makes it easy to toast or broil or feed the fire. No longer necessary to broil Mother along with the steak.

The MOORE'S ANTI-CARBON FIRE-BOX burns up all the dirty smoke and soot. By so doing, it saves 38 per cent of the fuel. That much less to handle. It will burn slack coal just as well as the best grades of lump.

The CONTROLLER DAMPER regulates and holds the fire a long time.

The FINISH—sanitary, washable, porcelain or plain smooth. Both easy to clean.

A MOORE'S RANGE IS A REAL MOTHER-SAVER

Robert Little, who is principal at the Waynesburg high school in Lincoln county, was here part of last week. On account of flu at Waynesburg the school at that place was closed.

Friends of Mrs. Lewis Guyn are grieved to learn she is very low with pneumonia at her home near Eminence, requiring the attention of two trained nurses. Very little hopes are entertained for her recovery.

Mr. and Mrs. Robert Guyn were called to Eminence Tuesday of last week on account of the serious illness and death of their only son, Lewis. They accompanied the remains back to Richmond Saturday.

The remains of Mr. Lewis Guyn of Eminence were brought to Richmond for interment Saturday. Dr. Telford of Richmond conducted the funeral services at the grave. He is survived by a wife, who was Miss Eloise Fitzpatrick before her marriage and one son, aged two years, a

father and mother, and all have the deepest sympathy of the entire community. Lewis, as he was familiarly called, had lived most of his life in and around Paint Lick, being the only child of Mr. and Mrs. Robert Guyn, of this place. Had he lived until the 6th of March he would have been 33 years of age. Lewis was only sick about a week, having flu which developed into pneumonia. Mr. Fitzpatrick, with his parents, Mr. and Mrs. Robert Guyn, accompanied the remains to Richmond for burial.
